

Ignite Success in Early Learning!

Who We Are

Since 1984, Hatch has transformed the lives of young children with technology and classroom materials that prepare them with essential skills to succeed in school and beyond. Hatch is the leading early learning solutions provider nationwide. Child-appropriate hardware, research-based content tied to standards, and individualized progress-monitoring tools combine to create complete classroom solutions that improve fundamental math, literacy, and social-emotional skills.

Ignite by Hatch™

Ignite by Hatch™ is a dynamic digital platform that sparks the joy of education in early learners. Aligned with standards and backed by research, it promotes growth in key areas like math, literacy, and child development. Teachers gain evidence-based insights, saving time on planning and assessment. With real-time data informing teachers, they are empowered to personalize small-group instruction and classroom activities. Ignite by Hatch™ unlocks the full potential of early learning!

Family Connections Foster Increased Achievement!

Because your child's school knows the value of technology for young learners, they have invested in Ignite by Hatch to maximize learning gains. Your child's school also understands that in partnership with families and caregivers, children receive the best support, which is why you also have access to Ignite at home!

To access Ignite, follow the instructions in the email you receive from us pictured here to the right! Access to the family dashboard allows you to:

- Maintain awareness of your child's growth throughout the year
- Be an active participant in the learning process
- Help reinforce what your child is learning in school
- Download free offline extension activities for at-home learning

Be sure to reach-out to your child's teacher if you have questions!
